PREFERRED PLUMBING AGREEMENT

Please read & understand the following before signing.

The **PREFERRED PLUMBING AGREEMENT** has the following coverage:

This contract will cover **ONE** inspection of you plumbing system per year.

This contract will include the following:

- Check function of water heater
- Flush water heater
- Check hot water heater temperature (should be approx. 130 degrees)
- Check air in expansion tank
- Check water pressure in house
- Clean aerators at faucets
- Check for leaky faucets
- Check shut off valves (be sure they are functional)
- Check toilet fill valve and flapper for wear
- Check general function of plumbing system
- Checked water hardness (field test)

This contract does **not** include replacing/changing of any water filters or adding salt to softeners.
Check water softener operation, if applicable add \$20.95 to price quoted below

Any additional repairs at the time of the inspection or during the annual contract will be priced at our “Preferred Pricing” which is found in our current “Flat Rate” pricing book which is a 10% discount. If repairs are not listed in the “Flat Rate” pricing book you will still receive a 10% discount.

When payment is received we will contact you to schedule your inspection. This contract is renewed and billed **annually**.

THIS CONTRACT IS NON-REFUNDABLE.
